PROBE ON BYSTATE MEDICAL BOARD

As a result of the arrest of Mino Monetti, alias A. Pista, a gigantic probe into the alleged ring of traficers in the "Mexican opium" drug is being made by special agents of the State Pharmacy board. According to information from San Francscio several suspects have been taken into custody and these are being grilled in an effort to learn the workings of the gang.

Monetti or Pista, denies ihs guilt, and refuses to make any comment on the case. The police have considerable evidence gathered by officers Standiford and Livingston during the past few weeks and this, the department believes will be suficient to prosecute the man.

Monetti is being held in the local police station on a charge of carrying concealed weapons, preferred by Chief of Police Charles Walker, Monetti having in his possession when arested a large loaded revolver.

The arest of Monetti is regarded by state oficials as one of the most important made for sometime. That a large number of prominent people, including several local men are involved in the ring is intimated by the police department.

It is believed that arrests of several suspects in this city will be made withing the very near future.

In a statement yesterday afternoon, an agent of the Pharmacy board declared that the bay cities are being literally scouret and that further arests were but a matter of a few hours.

We have the evidence showing that Monetti carried the drug," said Chief of Police Walker last night." I have been advised by the representatives of the State Pharmacy Board in San Francisco that a large number of Federal detectives have been detailed to the case, the belief being that the drug is being shipped into this district through some source from Mexico.

The drug has a value almost as high as the opium smuggled in from the Orient. That it is being smuggled from Mexico is admitted by the state authorities, who are at present working to discover the means of transportation.

The "dope" has the appearance of a small bean. This is crushed and placed in a pipe. It is then lighted and the smoker soon forgets his wordly cares and has wonderful dreams of prosperity.

While not considered as powerful as the opium of the Orient, it gradually undermines the strength of its victim, leaving him without ambition and latter is the cause of death.

Despite Monetti's refusal to talk, it is understood that thousands of dollars worth of the drug is sold to laborers in section camps about the bay monthly. The alleged ring it is said has scores of agents workint "territories." These agents visit the camps at regular intervals on the pretext of visiting a friend. It was Monetti's regular visits and his suspicious actions that led the police to investigate.

THREE CENTURIES AGO

Governor Bradford, the second governor of Plymouth Colony first conceived the idea of Thanksgiving, two hundred and ninety-four years ago—one year after the Mayflower had landed on the coast of Massachusetts.

Can you realize what hardships and misfortunes those early pioneers had undergone—that since then a great nation has been formed, not however, without great difficulty.

Men as well as nations become strong only by overcoming difficulties and by making preparation for the future. In this way opportunities can be seized and not allowed to slip away because of unpreparedness.

This is Thanksgiving week. Will you get the real Thanksgiving spirit by resolving to make every day a brighter one, thereby making every future Thanksgiving a happier one.

Begin today to secure your future and your happiness by saving more money than you have been in the habit of doing, so that when the time comes to build a home or make a good investment you will be ready.

AT THE RICHMOND

The picturization of "Zaza" by the Famous Players Film company which is now appearing on the Paramount Program at the Richmond theater with Pauline Frederick in the celebrated title role, recalls to mind that at the time that Mrs. Leslie Carter made her apearance in the role several years ago, the New York dramatic critics declared that she was the one woman on the American stage who could have successfully played the part.

This great screen achievement will remain at the Richmond theater two days, Wednesday and Thursday.

Besides the main attracton a strong Reliance drama entitled "The Stronger Man" will be shown and anothrer of those popular Falstaff comedies "That Poor Damp Cow." The latter is a sure laugh getter and cannot fail to please.

ATTORNEYS TO CONFER ON TIDELAND MATTER TODAY

Another conference with the Bay Ctties realty company or the Morgan Oyster company relative to titles to tide lands in the inner harbor which are claimed by both the city under the Owens bill and the realty company by and oldstate grant, will be held today.

The meeting will be between City Attorney Hall and Abbott and Fitzgerald for the realty company. The realty company some time ago proposed to divide its 100 acres with the city if the city would affirm title to half of what the company claims. A recent decision favoring the tdeland titles has caused the company to abandon its former offer.
